

# Ok ! Contact Contact Dickie Fritz Bull Sheet

**Bull Sheet Number 1**

**October 2016**

## **Greetings**

Dear fellow Dickie Fritz members, it is almost time once again to host our very own parade at Dickie Fritz on the 5<sup>th</sup> November. This is a parade where Dickie Fritz members are requested to make every effort to be there as we are the hosts and all eyes are upon us. Should you have other arrangements on the day, all I request is two, maybe three, hours of your time to be on parade and boost our Shellhole numbers.

I am going to request that all of you that own a SADF bush hat to please wear it on parade. This will be in line with the calling that we have portrayed on the walls around the complex and to call in those ex-SADF members out there. This will not be compulsory and should you not wish to wear your bush hat then you are welcome to wear your Moth beret which is a black beret with a Moth badge. No other headdress will be allowed on parade.

## **News from the Shellhole.**

I would like to welcome our two new Moths to Dickie Fritz Shellhole and the Order. The two being Moth Brian Lewis and Moth Dale Brown.

Moth Ron de Roche indicated to me in an email that after 24 years living with Dee he was finally willing to give up his freedom and tie the knot, but in the last paragraph of his email he made a very convicting remark. He stated that if I wanted his application document in triplicate I should print it three times. Now you all know by now that in the MOTH, you are either guilty or guilty.

So, unsuspecting Ron was put on charge and as was Moth Rob Jeffries, Ron was made to guard us while we had a very safe meeting.

From Dickie Fritz Shellhole we wish Ron and Dee many happy years of marriage.

## **The Bull Sheet Background**

You are all wondering by now why all this information? Well the reason for this is that the late Moth Ted Dennis used to spend many hours at the complex during the month gathering information of just about everything that took place at the complex and sometimes at other Shellholes. Ted had incredible skills in transforming a wealth of information into a great informative Bull Sheet. But sadly this went with him when he answered the Sunset Call as have many great Moth.

So at the last meeting I asked the members present if anyone would be interested in reviving our Bull Sheet with maybe a newer look but still with a lot of informative information but at the same time a great reading Bull Sheet. Moth Bruce Green agreed to take over and revive our Shellhole Bull Sheet.

Thank you Bruce

Old Bill Leon

# News from the Cottages

It will take reams to bring you up to date with all that has happened at our Cottage complex since the last Bull Sheet was published. The complex in general is looking very good and recent upgrades to the driveways have made our complex far more neat and tidy. Our big boast must be the recent painting of the silhouettes on the walls and silo. These images have been well received both locally and abroad.

## Welcome

During this last month we have welcomed Moth Dave Little and his good wife Liz to the cottage complex. We all wish Dave and Liz a long happy stay here.

## Security

There have been some concerns regarding the security, especially at the bottom of the west side of the fence. Upgrading will be essential but expensive. Plans are in place to do some upgrading over a period of time but we do still enjoy the excellent support of the 24/7 Security Company.

## Ordinance

During the last few months some restoration work has been done on our three artillery pieces which now look very good. Grey rocks have been placed around all our exhibits which not only makes them all look visibly more pleasing but will also prevent folk from climbing on them, which has always been a serious problem. More restorations are planned for the future.

## Ridgeback Pub

We, here at the complex, are very proud of our Ridgeback Bar which opens every Friday evening around 18h00 for the residents, friends and all Moths. It's great fun so why not include it on your week end 'To do lists.' Braai fires are lit for the visitors to braai and drinks are on sale from the Ridgeback. In addition the MOTHWA host a special evening on the last Friday of the month where they provide excellent eats.

## Buy, Sell or Give Away

Any "wanted" and "for sale" items can be included in the Bull Sheet.

## Coming Soon

It is hoped that this bulletin will provide a place to publish interesting news about the Shellhole, the Complex and all those involved.

We have all sorts of ideas for the Bull Sheet so watch out for the next edition.
