A SURPRISE !!!

13 Friday 2023.

On Friday evening Oom Jannies was fully operational with a good gathering of hardy souls. The next minute who should walk through the door, but Moth Andre Bezuidenhout. Andre who is currently living in Dubai /Doha was on a short visit to S.A.

He met some familiar faces and some new ones. In no time at all ,the scene livened up. Stories were exchanged and he quipped that he came to S.A. to drink wine as it is unaffordable in the United Arab Emirates.

At the close of the evening he left with Jan and Elena. In extremely good "spirits".

Cheers Andre, it was wonderful to see you again.
