CAPE WESTERN PROVINCIAL DUGOUT

RE: **PRO PATRIA SHELLHOLE**

Fellow Moths

Exactly 81 years after Mothdom first obtained a beachhead in the Western Cape, the blokes have finally managed to swing around the defensive line, known as the "*Boerewors Curtain*" and establish a Shellhole in Durbanville!

At first a flanking maneuver occurred up the West Coast where Blaauwberg Cuca- (2001) and Weskus Quartel (2006) Shellholes were established. The forces then swung inland to establish Shellholes at Wellington (Komesho - 2009), Montagu (Staaldak - 2012), Riebeek Kasteel (Majozi DCM - 2015) and Robertson (Langeberg No 9 - 2015). A factual analysis will ascertain that the final successful assault on the "*Curtain*" was launched from the north; thus rescuing various Comrades wondering around in No-man's land!

Please receive and extend the Order's heartfelt congratulations to all involved, but especially Moth Leon Robertson, on the opening of **Pro Patria Shellhole**.

Prosperous wishes and greetings of concord are extended to all Comrades who shall shelter beneath its roof.

Yours in True Comradeship

Moth Philip McLachlan
National Recruiting Officer
